TransCanada Calibration Ltd.
1048 Arnould Road
Ile des Chenes, Manitoba
Canada, R0A 0T0

Dear Mr. Grudeski,

It gives me great pleasure to congratulate you on the publication of the calibration and measurement capabilities of TransCanada Calibration Ltd. in the BIPM Key Comparison Database according to the provisions of the CIPM Mutual Recognition Arrangement.

Your company has earned this acknowledgement at the highest metrological level through participation in an international key comparison with the National Metrology Institute in Germany, and rigorous reviews of your technical capabilities and accredited quality management system by the Regional Metrology Organization, Sistema Interamericano de Metrologia (SIM).

As a result of its accomplishments TransCanada Calibration Ltd. is now one of Canada's designated laboratories and in the company of a select group of National Metrology Institutes and Laboratories that enjoy worldwide visibility in the field of metrology.

Please accept and share my congratulations for your success with the TCC team. May prosperity follow this success.

Yours sincerely

Alan Steele
Director, Metrology
