Dear Dr McLaren,

This is to acknowledge receipt of your request of 12 January 2006, for the designation of TransCanada Calibrations (TCC) "as responsible for national standards concerning the measurement of pressurized natural gas flow".

As you can see on our website at <http://www.bipm.org/utis/en/pdf/signatories.pdf>, TCC has been added to our website in the list of MRA signatories (Appendix A of the CIPM MRA).

Yours sincerely

Andrew Wallard
Director
